PROFILE

My goal is to find a role at a company where I can use my multidisciplinary background to solve real-world problems.

EMPLOYMENT HISTORY

Backend Developer , Felyx
Oct 2021 — Aug 2022

- Worked on tasks assigned by product manager in various microservices that make up Felyx's infrastructure, using golang for backend and vue.js for frontend
- Developed a new API to service third party providers in France and Germany, supporting other MAAS app integrations
- Rotated with other engineers for On Duty responsibilities, to help SRE and Customer Support with diagnosing and fixing bugs
- Participated in weekly sprint planning and retrospectives with SCRUM master

Python Developer, Stitch 3D (PVH)
Jan 2020 — Sep 2021

- Maintained and developed the backend of Stitch's tools as part of a small team. Tools are 3D design software plugins that are built with Django REST Framework and use AWS, managed with Terraform
- Built a Django app REST API for serving images securely to client
- Created feature flags for controlled release and qa testing for new features
- Onboarded and mentored new colleagues on current systems and processes
- Aided wider Stitch team with tech support, helping diagnose problems and fix bugs

Data Engineer, Wonderkind
Jan 2019 — Dec 2019

- Refactored ETL pipeline & managed current iterations of ETL, using Python & bash scripts run via Airflow on a Docker container
- Automated data scraping pipeline to gather market insights data using Python, Airflow and GCP
- Conducted digital transformation of business support team's main report

Data Analyst, Wonderkind
Jul 2018 — Dec 2018

- Created visualizations and reports using Tableau and SQL to communicate insights
- Trained representatives from other departments in how to use SQL / Tableau
- Worked on data pipelines and scripts in Python using Airflow

Social Data Analyst, United Academics
Oct 2017 — Jul 2018

- Grew memberships and donations through marketing campaigns and by tracking analytics

EDUCATION

Information Studies, University of Amsterdam   Amsterdam
